**A SAVINGS ACCOUNT
IS THE MOST
COMMON WAY PEOPLE
SAVE MONEY.**

WINTER 2011

M3 TRAINING CENTER: SAVE YOUR CASH

WHEN YOU GET MONEY, WHERE DO YOU KEEP IT?
DO YOU SAVE IT IN YOUR POCKETS, OR
STASH IT IN A BOX UNDER THE BED?

HERE ARE THREE GREAT
REASONS WHY YOU SHOULD
DEPOSIT YOUR MONEY IN
A SAVINGS ACCOUNT:

1. YOUR MONEY WILL BE SAFE!

When you put money in a savings account, you're less likely to spend it. And, money you save at the credit union is insured, which means your money is safe. As a matter of fact, the credit union keeps your money locked in a fireproof safe ... far away from Dr. Spendit.

2. YOU'LL EARN INTEREST!

The credit union pays you when you save money in a savings account. This is called "interest" and it's the easiest way in the world to earn money. With interest, the more you save, the more you'll earn.

3. YOU'LL BE READY FOR ANYTHING!

It's always a good idea to have money in your savings account. If you ever need a few extra dollars (like for your mom or dad's birthday, or a last-minute trip to an amusement park), you'll have the cash you need.

WHAT KIND OF SAVER ARE YOU?

Read these different saver types and find out:

The **BURY-MONEY-IN-THE-GROUND-SO-MY-LITTLE-BROTHER-WON'T-FIND-IT SAVER** is a person who doesn't worry that Fido will dig up his or her loot.

You might be a **HIDE-IT-UNDER-THE-BED SAVER** if you have trouble getting into bed at night.

The **SMART-M3-MEMBER SAVER** wants to know that his or her money is always safe AND likes to earn more money.

If you never have money when you need it, even after getting your allowance and birthday money, you're a **I-CAN'T-WAIT-TO-SPEND-MY-MONEY SAVER** ... which really isn't a saver at all. Hint: you may want to read the front page of this newsletter again!

SAVE, SAVE, SAVE ... IS THAT ALL YOU EVER TALK ABOUT!?!
